OUR MISSION

The Mission of the Fellowship of Preparation Makers is to ensure that good quality biodynamic preparations are available now and into the future throughout North America.

"The care of the Earth is our most ancient and most worthy, and after all our most pleasing responsibility. To cherish what remains of it and to foster its renewal is our only hope."
Wendell Berry

"Behold the plant:
It is the butterfly
Fettered by the earth.
Behold the butterfly:
It is the plant
Freed by the cosmos."
Rudolf Steiner
